

ControlUnit

```
graph BT; RVSSControlUnit --> ControlUnit
```

The diagram illustrates a class inheritance relationship. At the top is a gray rectangular box labeled 'ControlUnit'. Below it is a white rectangular box labeled 'RVSSControlUnit'. A blue arrow points vertically from the top center of the 'RVSSControlUnit' box to the bottom center of the 'ControlUnit' box, indicating that 'RVSSControlUnit' inherits from 'ControlUnit'.
